Petition for Revival of an Unintentionally Abandoned Patent Application

Commissioner for Patents
Washington, D.C. 20231

Sir:

Applicants petition for revival of the above captioned application. Enclosed is check number 200859 in the amount of \$1240.00. A duplicate copy of this petition is enclosed.

On June 23, 1998, a Restriction Requirement was mailed to the Applicant at 1920 Fifth Street, Davis, CA 95616. A shortened statutory period for response was set at one month with extensions permissible.

On October 21, 1998, Applicant mailed by first class mail a postcard (Exhibit A)¹, a Transmittal Letter and Request for Extension of Time (Exhibit B) and a Response to Requirement for Restriction and Petition Under 37 C.F.R. § 1.143 (Exhibit C). Attached as Exhibit D is a copy of the stamped postcard, which notes that it was received by OIPE on October 26, 1998 and also stamped as received on October 30, 1998.

¹ The postcard listed a Transmittal Letter and Request for Extension of Time. No Response to Restriction Requirement and Petition Under 37 C.F.R. § 1.143 was listed on the postcard.

The Transmittal Letter and Request for Extension of Time specifically requested a three month extension of time to October 23, 1998 and "GENERALLY authorized to charge the extension of time, **and any additional fee**, with the exception of the issue fee, or credit any overpayment to Deposit Account No. 03-0173." (Emphasis added) (Exhibit D) As noted above, OIPE acknowledged receipt on October 26, 2001 by stamping the postcard discussed above (Exhibit D). Additionally, because Applicant's papers were not apparently received until October 26, 1998, Applicants required a four month extension.² As noted above, the U.S. Patent and Trademark Office was "GENERALLY authorized to charge the extension of time, **and any additional fee**, with the exception of the issue fee, or credit any overpayment to Deposit Account No. 03-0173." (Emphasis added) (Exhibit D)

Counsel in the above captioned matter contacted the Examiner to determine the status of the application. Based on this conversation, counsel submitted a Power of Attorney (Exhibit E) and requested a copy of the file history (Exhibit F). A review of the file determined that although the Transmittal Letter and Request for Extension of Time (Exhibit B) was present in the file, no Response to Requirement for Restriction and Petition Under 37 C.F.R. § 1.143 was present. Also, upon review of the file, Applicant's representatives noted that a Notice of Abandonment was present (mailed on 3/17/99). No such Notice was docketed by Applicant's representative.

² Applicant notes that the U.S. Patent and Trademark Office stamped Exhibit G with a notation that \$950.00 was withdrawn from applicant's deposit account. Applicants further note that this is the amount for a three month extension and not a four month extension.

In light of the above, Applicants assert that the entire delay was unintentional and respectfully petition that the application be revived. Furthermore, Applicants respectfully submit the accompanying Response to Restriction Requirement.

If any charges are deemed appropriate, Applicants hereby authorize the U.S. Patent Office to charge any fee to our Deposit Account No. 50-1824 under our reference number 16518.025.

Respectfully submitted,
